HE'S WORTH A LOT TO ME

It's rare that a movie character of so few words makes an impact as dramatic (and lasting) as Boba Fett. The dreaded bounty hunter's steely, expressionless demeanour emphasises his reputation of mystery and menace in the Original Trilogy, and as we get to know more about him, he keeps surprising us at every new turn. It's no wonder he always makes the list of favourite characters among LEGO® *Star Wars*™ fans (including our design team). Boba Fett's costume has slight differences virtually every time it's seen. Of course, some of that is the wear and tear you might expect from someone in his line of work, but he's also constantly modifying his gear and outfit. This gave us both a challenge and some freedom as we explored which version would serve as inspiration for this model.

HE'S NO GOOD TO US DEAD

Boba Fett's life is destined to be a rocky adventure from the start. As the unaltered clone of his notorious father, Jango Fett, he inherits both a legacy and a conflict he never asked for, especially after witnessing Jango's fall on Geonosis. Fuelled by raw survival instincts and gritted-teeth resolve, he sharpens his craft under seasoned bounty hunters like Aurra Sing and Bossk. All while nurturing a score to settle with the Jedi – and anyone else whose bounty warrants his attention. His battered Mandalorian armour, infamous *Firespray*-class starship and high-profile captures cement his reputation long before he delivers Han Solo to Jabba the Hutt.

But the near-fatal encounter with the Sarlacc alters his trajectory. Stripped of armour, connections and status, Boba Fett claws his way back from the brink with a renewed sense of purpose. With unexpected new allies behind him, he begins forging a legacy of his own on Tatooine.

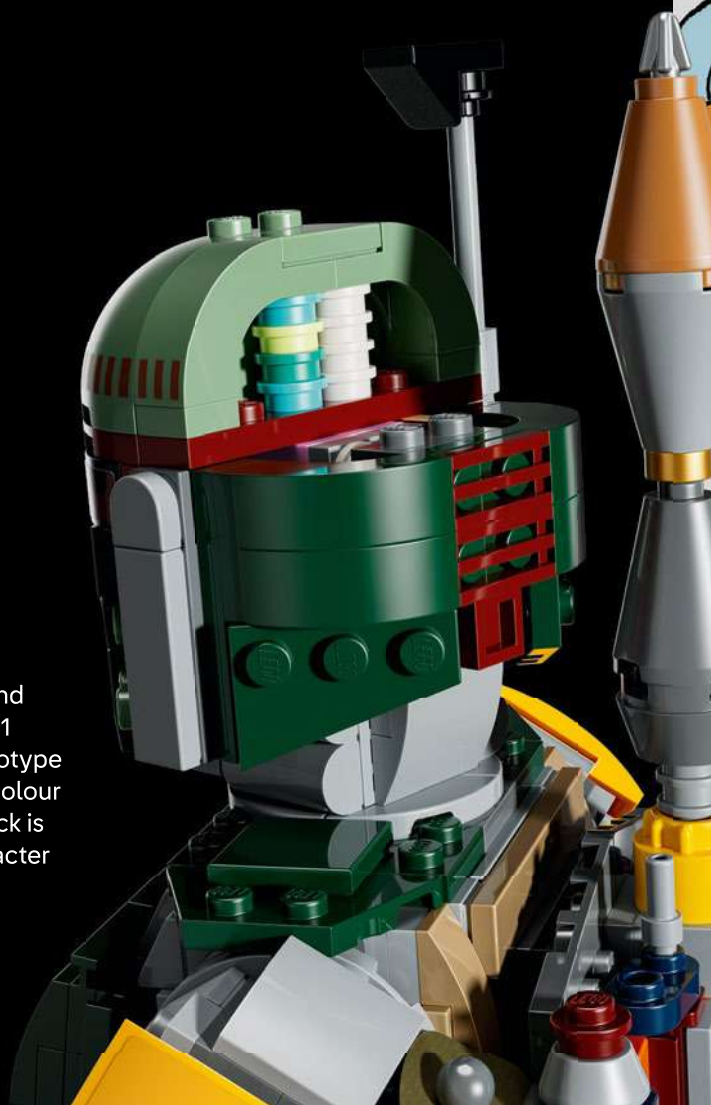
NO HARD FEELINGS. IT'S JUST BUILDING.

Creating a LEGO® version of this character was a real passion project for our design team. Inspired by some of the previous brick-built *Star Wars*™ characters we've created, like C-3PO™ (75398), this model is similar in scale and mainly based on Boba Fett's look in *Return of the Jedi*™. Much of his character is conveyed through his attire, of course, but also through his body language. With a realistic stance and articulated joints (head, arms and hands), you can display him with different poses and dynamic expressions.



We also built in a couple of references to Boba's origins and other appearances. Inside his helmet is a stack of white 1x1 round plates, to represent his original Super Trooper prototype costume, before it was replaced with the more nuanced colour scheme that makes him stand out. A blue/green plate stack is a nod to his first screen appearance, as an animated character in the iconic 1978 *The Star Wars Holiday Special*.

Enjoy building!
