WARNING

To reduce the risk of electrical shock, do not open the cabinet. Refer servicing to qualified personnel.

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

Do not expose the batteries (battery pack or built-in batteries) to excessive heat such as sunshine, fire or the like for a long time.

Notice for customers: the following information may apply to equipment sold in countries applying EU directives

This product has been manufactured by or on behalf of Sony Corporation, 1-7-1 Konan Minato-ku Tokyo, 108-0075 Japan. Imports related to product compliance shall be addressed to the authorized representative, Sony Europe Limited, Da Vinci Lane 7-D, 1935 Zaventem, Belgium. For any service or guarantee matters, please refer to the addresses provided in the separate service or guarantee documents.

Product safety: the battery or the product packaging indicates that the battery or the product shall not be treated as household waste. On certain batteries this symbol might be used in combination with a chemical symbol. The chemical symbols for mercury (Hg), cadmium (Cd) and lead (Pb) are also used if the battery contains more than 0.005% mercury or 0.004% lead. By ensuring these products and batteries are disposed of correctly, you will help prevent negative consequences for the environment and human health which could otherwise be caused by inappropriate waste handling. The recycling of the materials will help to conserve natural resources.

In case of products that for safety, performance or data integrity reasons require a permanent connection with an incorporated battery, this battery should be replaced by a certified service center. To ensure that the battery and the product and electronic equipment will be treated properly, hand over these products at end-of-life to the applicable collection point for the recycling of electrical and electronic equipment. For other batteries, please view the section on how to remove the battery from the product safely. Hand the battery over to the applicable collection point for the recycling of batteries. For more detailed information about recycling of this product or battery, please contact your local Civic Office, your household waste disposal service or the shop where you purchased the product or battery.

Note on static electricity

Static electricity can occur in the body and on electronic equipment.

For safety, always wear clean clothes.
