Timeless Tudor charm

Welcome to a modular corner with a strong, undeniably British accent! This is the first time we are celebrating Tudor architecture in the Modular Buildings Collection. This gave us a chance to create new, interesting building experiences, specifically for the upper section, with its steeply pitched roof, prominent cross gables and half-timbered jettied top floor. We hope you will have as much fun building it as we had designing it.

Make yourself at home

If these walls could talk! Inside and out, the Tudor Corner is buzzing with activity, as it might have been since it was built five centuries ago. Times have ushered in more modern amenities, but the atmosphere is saturated with a rich history. Stories of everyday events and local legends are still told over delicious meals in the cosiest venue in town, the Old Guarded Inn. A deep affection for craftsmanship and traditional British culture are felt in the finest haberdashery. The clockmaker proudly repairs precious family heirlooms. The tenant upstairs always has time for visitors (and room for more cats). Yes, this place truly feels like home for all who walk through the doors. (Or climb down the chimney!)

The weather forecast is predicting rain! Fortunately, this lady is well prepared. Her hat fashion style was influenced by passengers on the LEGO® Ideas The Orient Express Train (21344).
