Vintage brochures for
the Fiat 500

Brochure vintage
per la Fiat 500

It all began in July 1899 when the Fabbrica Italiana Automobili Torino was founded as Italy's first automotive company. By 1900, 24 Fiat 3½ HP cars had rolled off the assembly line, built by a workforce of just 150 people. Soon Fiat would be producing everything from railway engines to farm tractors, but the company's central passion would always be the automobile. Throughout its 120-year history, Fiat has always played a visionary role in the continued evolution of what the company's founders called "democratic mobility".

Tutto ebbe inizio nel luglio 1899, quando venne fondata la Fabbrica Italiana Automobili Torino, la prima casa automobilistica italiana. Nel 1900, 24 Fiat 3½ HP uscirono dalla catena di montaggio costruite da una forza lavoro di appena 150 persone. Presto, la Fiat avrebbe cominciato a produrre di tutto - dai motori ferroviari ai trattori agricoli - ma la prima passione dell'azienda sarebbe sempre rimasta l'automobile. Nel corso dei suoi 120 anni di storia, la Fiat ha sempre avuto un ruolo visionario nella continua evoluzione di quella che i fondatori dell'azienda chiamano "mobilità democratica".

FIAT 500

Launched in 1957, the iconic 500 (pronounced Cinquecento in Italian) was the company's response to the need for a car that was both economical and practical. The two door, four-seat saloon was an inexpensive, compact vehicle measuring only 2.97 m (9 ft. 9 in.) in length and powered by a 479 cc two-cylindered, rear-mounted air-cooled engine. The true ingenuity of the design lay in overcoming the technological challenge of reducing the size of each component, while still maintaining the 500's youthful, timeless spirit.

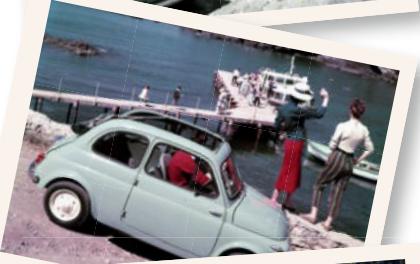

Lanciata nel 1957, l'inconfondibile 500 fu la risposta dell'azienda alla domanda per un'auto economica e pratica. La berlina a due porte e quattro posti era un veicolo economico e compatto di soli 2,97 m di lunghezza e spinta da un motore a due cilindri da 479 cc, montato posteriormente e raffreddato ad aria. L'ingegnoso design consentì di vincere un'importante sfida tecnologica: ridurre le dimensioni di ogni componente pur mantenendo lo spirito giovanile e senza tempo della 500.

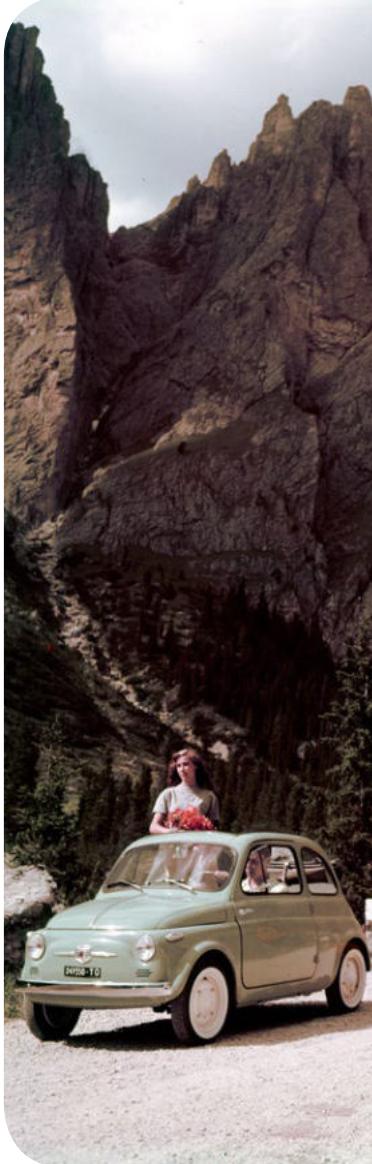

LA DOLCE VITA

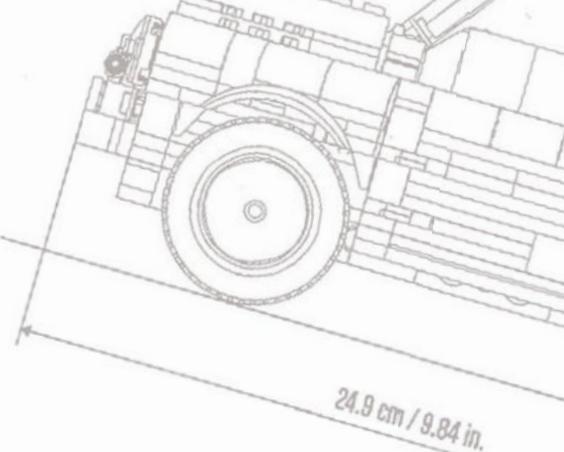

In many ways the launch of the Fiat 500 captured the spirit of the time, especially in a mid 1950s Italy that was enjoying an economic boom and a cultural renaissance. The 500 quickly became an icon for a generation that was determined to savour what became known as "the good life" (La Dolce Vita).

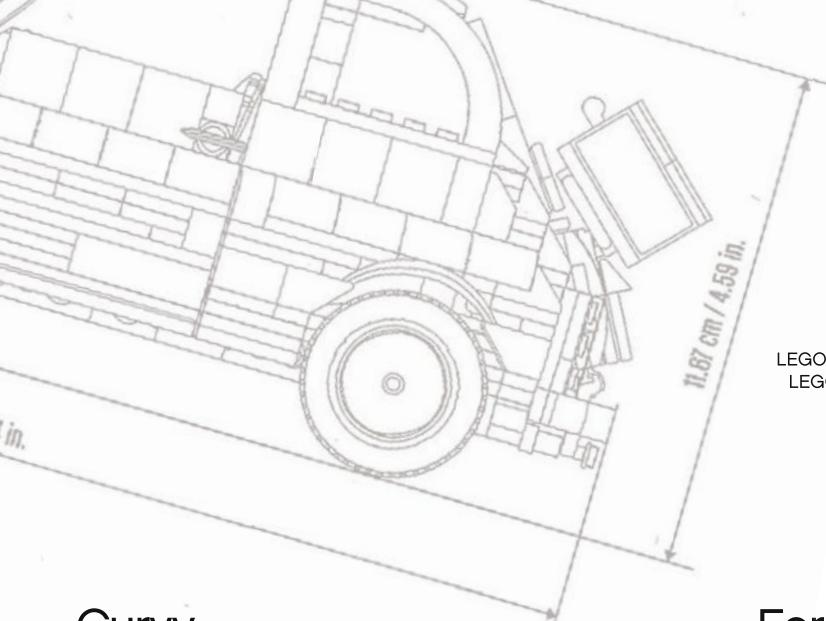

Per molti versi, il lancio della Fiat 500 catturò lo spirito dell'epoca, soprattutto in un'Italia che, a metà degli anni '50, stava vivendo un boom economico e una vera rinascita culturale. La 500 divenne ben presto un'icona per una generazione determinata ad assaporare quella che in seguito divenne nota come "la dolce vita".

The Challenge

La sfida

Pierre Normandin

LEGO® Senior Designer
LEGO Creator Expert

Curvy

"Capturing the compact size and the curvy shapes were probably the biggest challenges I faced creating this model. It changed every day until we thought we had something as close as possible to what we wanted it to look like. I'm quite satisfied with the car overall, but the interior details, the back hatch and the doors are amongst my favourite parts. We took an early version of the model to Turin, Italy. It was great to get feedback directly from the designers at Fiat and see how passionate they are about the 500 and its legacy."

Colourful

"Even though it was never an official colour for the Fiat 500, we decided to go for this cool yellow tone for a few reasons, the main one being to get a vibrant colour that suited the "dolce vita" feeling that the 500 is often associated with. On top of that, it's a relatively uncommon LEGO® colour as well, so we knew our own fans would appreciate getting more LEGO elements in this rare colour."

Forme sinuose

"Catturare le dimensioni compatte e le forme sinuose è stata probabilmente la sfida più grande che ho dovuto affrontare per creare questo modello. È cambiato ogni giorno, finché non siamo riusciti a ottenere un design abbastanza fedele e che rispecchiava le nostre intenzioni originarie. Sono abbastanza soddisfatto della vettura nel suo complesso, ma i dettagli interni, il cofano posteriore e gli sportelli sono tra le mie parti preferite. Abbiamo portato una prima versione del modello a Torino, in Italia. È stato fantastico ricevere del feedback direttamente dai designer della Fiat e vedere quanto siano appassionati della 500 e del suo retaggio".

Colorata

"Anche se non è mai stato un colore ufficiale della Fiat 500, abbiamo deciso di scegliere questa tonalità di giallo per diversi motivi, ma soprattutto perché questo colore vibrante riflette il concetto di "dolce vita" a cui la 500 è spesso associata. Inoltre, è anche un colore LEGO® relativamente raro, quindi sapevamo che i nostri fan avrebbero apprezzato avere più elementi LEGO di questa tonalità".

LEGO® CREATOR™

EXPERT

It's the smallest details that make the biggest difference in a LEGO® Creator Expert model, so this Fiat 500 F model is packed with authentic functions and features that aim to capture the spirit of the original iconic vehicle.

Sono i dettagli più piccoli che fanno la differenza in un modello LEGO® Creator Expert, quindi questa replica della Fiat 500 F è ricca di funzioni e caratteristiche autentiche che mirano a catturare lo spirito del veicolo originale.

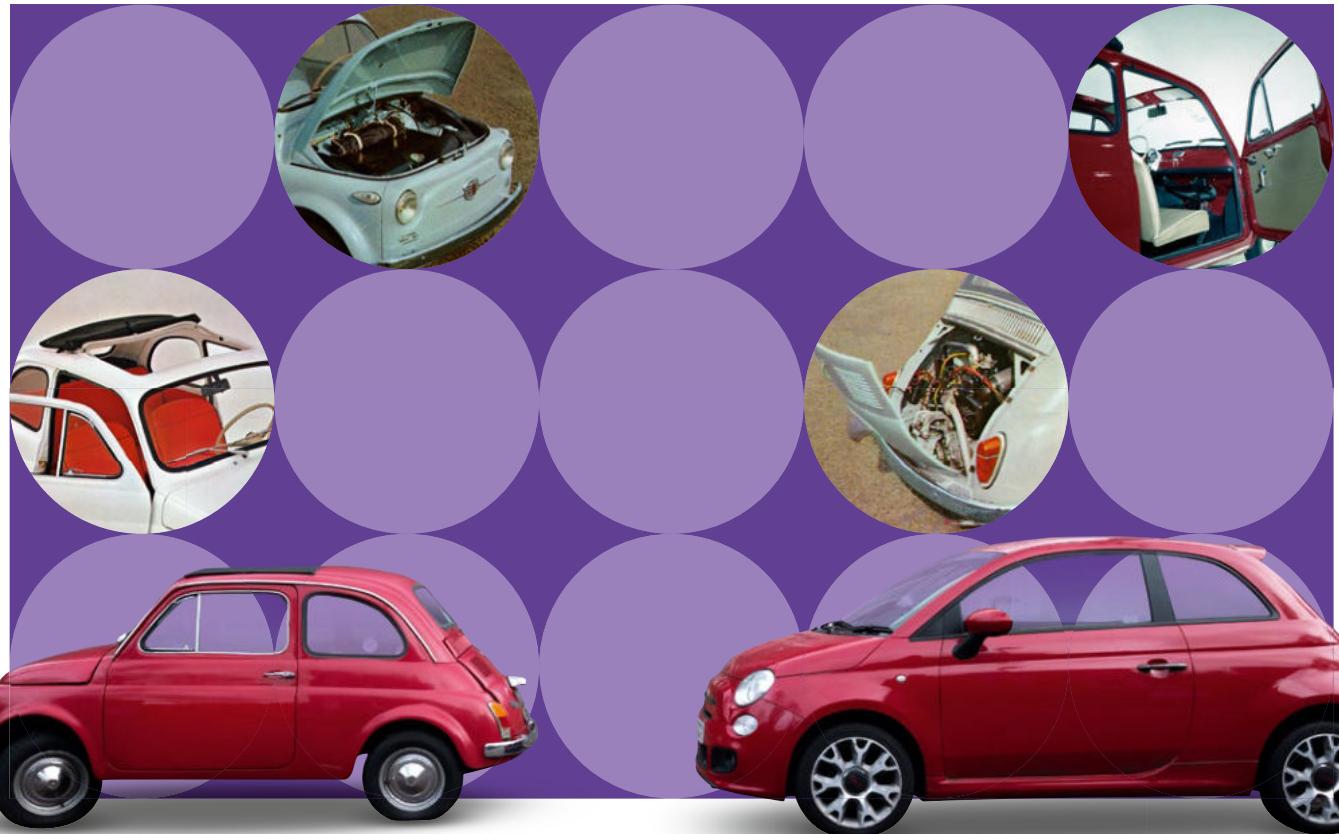

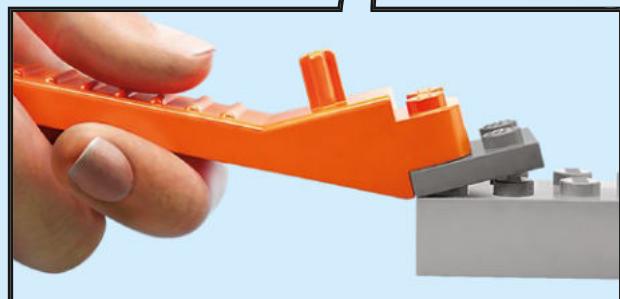

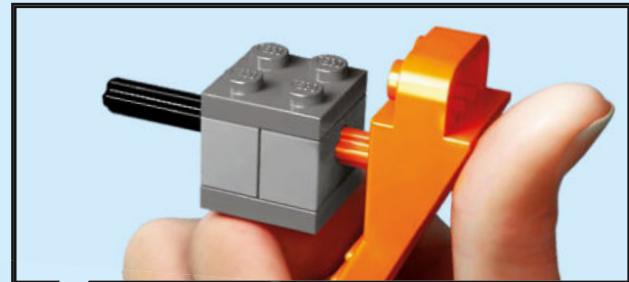

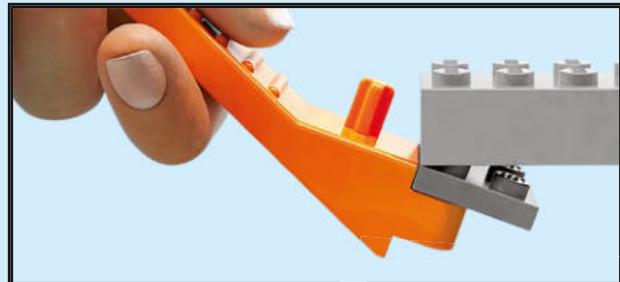

500c

The original 500 series was produced from 1957 to 1975 and despite its small size proved an enormously popular vehicle. Fifty years after the first 500 was presented, Fiat launched an all-new, retro-styled 500 to take the icon into a new era.

La serie della Fiat 500 originale fu prodotta dal 1957 al 1975 e, nonostante le sue piccole dimensioni, si rivelò un veicolo estremamente popolare. Cinquant'anni dopo l'introduzione della prima 500, la Fiat ha lanciato una nuova 500 in stile retrò per trasportare l'icona in una nuova era.
