CELEBRATING AN ICON

Born in Pontedera, Italy, in 1946, the Vespa was the perfect symbol of a bright new future. It quickly became more than just a means of transport, representing both the joy of living and modern fashion. With more than 75 years on the road, we thought it was the perfect time to celebrate this cultural icon and hope you'll enjoy building the LEGO® version of this classic vehicle.

CELEBRAZIONE DI UN SIMBOLO

Nata a Pontedera nel 1946, la Vespa divenne il simbolo perfetto di un nuovo e brillante futuro. Rapidamente fu ben più di un semplice mezzo di trasporto, rappresentando gioia di vivere e stile. Con più di 75 anni sulla strada, ci sembrava il momento giusto per celebrare questa icona che ha saputo diventare un fenomeno culturale, e speriamo che ti divertirai a costruire la versione LEGO® di questo veicolo che è un classico senza tempo.

THE VESPA 125

Introduced in 1960, the Vespa 125 captured the care-free spirit of the decade, offering affordable style and mobility to a new youthful generation. Then as now, colour has always played an important role, ensuring the Vespa's status as fashion icon. This pastel blue tone was also very much of its time and was the only colour the 125 was available in when it launched.

LA VESPA 125

Introdotta nel 1960, la Vespa 125 ha interpretato lo spirito spensierato del decennio che stava iniziando, offrendo stile e mobilità a prezzi accessibili alle nuove generazioni. Allora come oggi, il colore ha sempre avuto un ruolo importante, garantendo a Vespa lo status di icona di stile. Questa particolare tonalità di blu pastello era molto popolare all'epoca ed era l'unico colore in cui la 125 era disponibile quando fu lanciata.

THE PERFECT NAME

Legend has it that when designer Corradino D'Ascanio presented his prototype to Enrico Piaggio, the manufacturer took one look at the vehicle's distinct body shape and antenna-like handlebars and exclaimed: "Sembra una vespa!" ("It looks like a wasp!"). When the sound of the engine was heard, it became even clearer that the perfect name had been found.

IL NOME PERFETTO

La leggenda narra che quando il progettista Corradino D'Ascanio presentò il suo prototipo a Enrico Piaggio, questi diede un'occhiata alla particolare conformazione del veicolo e al manubrio simile ad un'antenna ed esclamò: "Sembra una vespa!". Quando si udì il rombo del motore, divenne ancora più chiaro che era stato trovato il nome perfetto.

FROM THE DESIGN TEAM

"The biggest challenge for us was recreating the Vespa's organic rounded shapes in LEGO® elements. It took some time, but once this was achieved, we could start adding all those small but important details like the removable engine cover, kick-starter and pedals. Lastly, we worked on fun touches like the detachable flower basket and helmet with goggles to celebrate the iconic Dolce Vita feeling of the Vespa 125 from the mid-sixties."

Florian Müller, Senior Designer

IL DESIGN TEAM

"La sfida più grande è stata ricreare le forme arrotondate tipiche di Vespa con gli elementi LEGO®. Ci è voluto un po' di tempo, ma una volta raggiunto questo obiettivo, abbiamo potuto iniziare ad aggiungere piccoli ma importanti dettagli come il cofano motore rimovibile e il pedale di avviamento. Infine, l'abbiamo arricchita con tocchi divertenti come il cestino di fiori staccabile e il casco con gli occhiali, per celebrare l'iconica atmosfera della Dolce Vita anni Sessanta della Vespa 125."

Florian Müller, Senior Designer
