# THE TRANSFORMERS™

**ROLL  
OUT!**

YOU HAVE  
ME SOME  
VALUE TO  
BUSTER WITWIC

I COULD NOT  
HAVE GOTTEN A  
BETTER BEING  
TRANSFORMER OR  
HUMAN—TO TRANS-  
FER IT TO!

YES—WE MUST  
BUT WE MUST  
CALMLY AS A  
WE ARE TO RES-  
BUMBLEBEE.

THE FOLLOWING IN THAT AREA HAVE NO IDEA  
HOW TO PROPERLY POSITION US! WE MUST  
BRING THEM HERE FOR BAYCHECKING!

WILLAM USES  
YOUR WITTE  
TRANSFORMER.

# AUTOBOTS, CONVERT AND ROLL OUT!

What started off in 1984 as a series of toy robots that could quickly change into other forms became a global cultural phenomenon encompassing comic books, video games, animations and live-action blockbuster movies. It's little wonder generations of fans continue

to follow the epic battles between the Autobots and Decepticons for control of the planet of Cybertron and beyond. This LEGO® model of Optimus Prime, the charismatic leader of the Autobots, is the first time the Transformers universe is represented in LEGO bricks. Enjoy.

# OPTIMUS PRIME

The true hero of the Transformers universe is Optimus Prime, a powerful leader defined by his strong moral character and heroic feats on the battlefield against his arch-enemy Megatron and the Decepticons.

He carries the Matrix of Leadership, an ancient and powerful artifact that gives him upgraded abilities and knowledge of all Cybertronian history.

---

There may be faster Transformers with more potent firepower, but everything else in the stats reinforces Optimus Prime's position as a dedicated leader and fearless warrior.

ONE SHALL STAND,  
ONE SHALL FALL!

Just like the original toy, this LEGO® model of Optimus Prime is capable of turning from robot mode to vehicle mode and back. It also comes with many of his iconic accessories: an Ion Blaster, Energon Axe, Jetpack and the Autobot Matrix of Leadership. It also has an Energon cube to give him energy to battle his evil foes!

## FROM THE LEGO® DESIGN TEAM

*"Transformers was what inspired me to become a toy designer, so I was very excited to use LEGO bricks to bring Optimus to life. There were many challenges in designing this model to make it both stable, dynamic and faithful to the design of Optimus. The most fun challenge, however, was*

*getting him to change between modes without disassembly. To do this I built block shapes of the major components, adjusting proportions to match both the robot and the vehicle. The transformation had to be as simple as possible without compromising the look of either mode."*

- Joseph Patrick Kyde, Senior Designer

According to his original bio, Optimus Prime is the largest, strongest and wisest of all the Autobots. He feels his role is the protection of all life.

Optimus started his life on Cybertron as a civilian known as Orion Pax but was rebuilt as Optimus Prime to lead the Autobots in their fight with the Decepticons.

The Matrix of Leadership is an artifact of great power, passed from one Autobot leader to the next. It is thought to be connected to Primus, the creator-God of all Transformers.

345

1

2

3

4

The Matrix of Leadership bestows upon its holders increased power which can be used to perform miraculous feats of creation and destruction.

# FROM ROBOT TO VEHICLE MODE

Just like the original toy, this LEGO® model of Optimus is capable of changing from robot mode to vehicle mode and back.

This is accomplished entirely through moving the components of the model around, so no disassembly is necessary!

1
