SUPER MARIO WORLD™ STORY

Having returned peace to Mushroom World, Mario and Luigi decide to take a leisurely holiday with Princess Peach. They set out for Yoshi's Island in the magical island nation of Dinosaur Land, far to the south. But soon after arriving on the island, Princess Peach suddenly disappears. As Mario and Luigi desperately search for her, they discover a strange egg on the outskirts of the island.

*This text is taken directly from the instruction booklet

STORY CONTINUED

Then, before their very eyes, an odd little dragon hatches! The dragon calls himself Yoshi and says, "Monstrous turtles recently appeared here in this Dinosaur Land. They have used magic to seal my friends inside eggs. I tried to help them, but the turtles are incredibly strong and cast a spell on me, too... Will you please come with me to rescue my friends?"

FROM THE LEGO® DESIGNERS

"The images of a 2D Mario riding on Yoshi's back from *Super Mario World*™ are imprinted in the memories of so many Super Mario™ fans! It's their shared adventures and friendship that inspired this set. The pixelated nature of LEGO® tiles lends itself perfectly to capturing the 2D sprites from the classic games, and we designed the moving functions to replicate Mario and Yoshi's animation cycle in the game. The result is a wacky collection of mechanisms that all come to life at the turn of the crank. With Mario on his back, Yoshi can run, swing his arms, nod his head and stick his tongue out, all while Mario's cape flaps in the wind!"

CARL MERRIAM AND DAIRE MCCABE,
LEGO® SUPER MARIO™ DESIGNERS

BONUS FEATURE

If you have a LEGO® Mario™, LEGO® Luigi™ or LEGO® Peach™ figure, place it on the hidden action tag to activate a fun music feature. (LEGO Mario, LEGO Luigi and LEGO Peach figures are NOT included in this set.)

This is a detailed 3D perspective view of the completed LEGO Technic model. The structure is built on a black base. A vertical black frame rises from the base, featuring a red light on the left side and a yellow and blue motor assembly. A yellow brick wall is attached to the front of the frame. The base is decorated with blue and yellow components, including a yellow brick wall and a blue and yellow motor assembly. The model is shown from a perspective that highlights its three-dimensional structure.
