# ENGINEERING AND ARTISTRY

The Ford® GT40 Mk II's victory at the 1966 24 Hours of Le Mans was definitely one for the motorsport history books. Built to break Ferrari's winning streak, the GT40 Mk II merged the finest of American engineering power and design. During development, a dynamometer 'tape' allowed engineers to run tests in simulated race conditions and perfect the 485-hp engine to run for 48 hours. The iconic Chassis P/1046 played a key role in the legendary 1-2-3 finish, making Ford Motor Company the first American manufacturer to win a major European race since the 1921 French Grand Prix. Today, the GT40 Mk II is privately owned.

# 1:16 SCALE MODEL

The real-life Ford® GT40 Mk II took only three years to develop – an admirable feat even by today's standards. Designing a LEGO® Technic tribute to this legendary race car has been a rare treat. We have created a building experience that lets you enjoy the car's beautiful silhouette and reflects some of its famous engineering and mechanical features: right-hand steering and a V8 mid-engine with working pistons, in addition to the opening doors, engine cover and front hatch.

- The LEGO® Technic Design Team
