DYNAMIC SENIORITY

Before the Batman™ blockbuster films of the 1980s and beyond, the *Batman* live-action TV series (1966–1968) **ZOOMED!** into Super Hero™ history with a fresh take on the DC stories that continue to

attract new fans. Iconic for its use of onomatopoeia (or 'fighting balloons'), cheerful costumes and playful puns, its popularity was fuelled by hilarious star cameos, fan-favourite storylines paired with irreverent, comic timing and clever cliffhangers. As a Super Hero without superpowers, in the series, Batman famously relies on his wit and technology to catch a gallery of notorious GOTHAM CITY™ hoodlums. Of all his inventions, the Batmobile™ is the unsurpassed symbol of his crime-fighting calling.

HOLY GADGETS!

The first iteration used in the series, a modified 1955 Lincoln Futura, ushered the on-screen Batmobile™ into a new era with its hidden gadgets and functions to fool and fend off foes. It became a big part of the appeal of Batman™, with details like Batsmoke, a Mobile Crime Computer that connects to a main Crime Computer in the Batcave™, a Detect-A-Scope, Batphotoscope, a Batphone and even a fake Start button which, if pushed by a criminal, would shoot off fireworks!

EMERGENCY
BAT-TURN LEVER

NAIL SPREADER

KER-CLICK! KER-BRICK!

"Holy brick-building adventure! 'The Number One Batmobile™' has such a rich and fascinating origin story and a well-documented 'life', both on screen and as a hugely popular display vehicle, spanning more than half a century. We researched every angle, curve, decoration, button and design feature, and developed new canopy elements to create a faithful tribute to this world-famous vehicle. We hope you'll enjoy exploring all its details, nooks and crannies as you build and display your Batmobile."

Jesper C. Nielsen,
LEGO® DC Creative Lead

BAT RAY

• GAS •

A detailed LEGO Technic Batmobile model, primarily black and red, shown from a front-three-quarter perspective. It features a long, low body with a prominent front grille, headlights, and a large rear section with multiple exhaust pipes. A white speech bubble with a lightning bolt tail points towards the right side of the image.

HOLY FUN FACTS

Holy bargain!

George Barris and the production team acquired the unique Lincoln Futura concept car from the Ford Motor Company for just \$1!

Holy record!

In 2013, the 1966 Batmobile™ was sold for \$4,620,000 – the highest price ever at the time for a car made for TV or film!

Holy paint job!

The original look for the turbine-engine, jet-drive exhaust tube was achieved by repurposing a 5-gallon paint tin!
